Dear Sirs:

Referance is made to the undeveloped lead
domtained for your office in the report of Special
Agent R. C. Leslie dated at New York City on July 26,
1937, requesting investigation at the St. Louis University
with reference to Dr. Joseph Cornelius Aaerbach.

Please be advised that you may disregard
this particular lead inasmuch as it is definitely known
that the Dr. Joseph Cornelius Aaerbach mentioned therein
is, in fact, a brother of Anthony J. Aaerbach. Full
facts with reference to the family of the fugitive have

lead.

Mr. BURTON

Edward G. Brauer

Dear Sir:

Reference is made to the letter of Inspector B. J. Connelly dated at New York City April 19th, 1937, to this office, which was accompanied for a review of the files by the Chicago, Detroit, and Cleveland offices for the purpose of determining the nature of any property belonging to Delores Delaney being held by the Bureau, in order that Delores Delaney might be appropriately advised in the premises pursuant to a letter of request along this line directed by her to Inspector B. J. Connelly.

Please be advised that a review of the files in this case at the Cleveland office reflects, as set out in the report of Special Agent R. H. Hall, Detroit, Michigan, September 25, 1936, that Alfie Karpis and Delores Delaney in September 1934 on the occasion of the arrest of Delores Delaney by the Cleveland, Ohio, Police Department, were residing at 3275 West 140th Street, Cleveland, Ohio; that these premises were rented by Karpis under the alias of E. G. Milgroth from Arthur F. Rebebrand, who was recently sentenced at Cleveland, Ohio, for his participation in having harbored Karpis and Campbell; that the Cleveland police first entered the premises at 3275 West 140th Street and were in possession of the premises for an appreciable length of time prior to the arrival of agents of the Bureau; that a detailed inventory was made by agents of the Bureau of the personal property in the house and as set out on page 11 of the above-referred to report "none of the articles listed in this inventory were taken into custody by agents, but were allowed to remain at this address."

The referred-to report of Special Agent R. H. Hall does not set out a list of certain papers and evidence which were seized by agents of the Bureau. However, it is noted that all of this evidence was of little, if any, intrinsic value and was not...
in the nature of personal belongings, but was merely such material as would aid investigation seeking the whereabouts of the fugitive members of the Barker-Karpis gang.

With reference to the statement made by Dolores Delany that Special Agent H. B. Matsey exhibited to her at Milan, Michigan, certain articles taken from the premises at 3073 East 140th Street, reference should be made to the report of that agent dated at Detroit, Michigan, February 9th, 1934, and it will be there noted that the articles exhibited to her were those articles of little or no intrinsic value mentioned above seized by agents of the Bureau at the occasion of their search of the house in September 1934 and can in no way be described as clothing or furniture. Incidentally, these particular articles are now contained in the files of this case in the Cleveland office.

With particular reference to the personal belongings and the furniture left at the premises at 1973 East 140th Street at the time Dolores Delany was arrested and Alvin Karpis fled, please be advised that Special Agent H. J. Wynn in connection with investigation in this case at Cleveland, Ohio, particularly in interviews with Mrs. O. W. Blackman, who lives next door to this particular house, has determined that the premises were rusted furnished following the raid by Arthur W. Hobebrand and that as far as is known the furniture which was left behind by Karpis and Dolores Delany is still in the house. With reference to the clothing which was left behind, Mrs. O. W. Blackman has advised from time to time that she understood that Arthur W. Hobebrand distributed a great deal of this clothing among friends and relatives.

As the file indicates, Alvin Karpis definitely abandoned these premises and never made any claim whatsoever for the furniture or personal belongings left behind, and Dolores Delany was released by the Cleveland police to agents of the Bureau pursuant to Chicago, Illinois, where after considerable interrogation she was released, only to again join Alvin Karpis and remain with him until she was arrested in Atlantic City, New Jersey, on or about January 24, 1935, and it appears that at no time prior to her present request has she manifested any interest in the furniture and personal belongings.

Pursuant to the request contained in the letter of reference of Inspector N. J. Connelley, it is requested that, after you have
reviewed your files in this matter and received appropriate advice from the Chicago office in the premises. Appropriate interview Delores Colman at Milan, Michigan, and fully advise hey, of course, bearing in mind the suggestion of Inspector E. J. Connolley that the Bureau is powerless to interfere in any controversy she may have with Arthur V. Kolchman concerning the abandoned property at the premises, 3072 West 140th Street, Cleveland, Ohio.

Very truly yours,

J. P. MacFarland,
Special Agent in Charge.

Dear Sir:

Confirming my telegraphic communication of July 26, 1937, please be advised that in response to your telegram of that date it was ascertained by Special Agent S. K. Fish, of this division, that .45 calibre Colt automatic pistol, serial number C-112311, is presently in the custody of Chief Deputy United States Marshal Louis Sevier at Miami, Florida.

The situation with respect to this gun is that after it had been recovered from Duke Randall by Special Agent in Charge J. H. Hanson, it was delivered to former Assistant United States Attorney W. Sanders Gramling at Miami, Florida, for possible future use as evidence, and at approximately the time this delivery was made Mr. Gramling turned this gun over to the then Chief Deputy United States Marshal, Frank Edwards, along with other similar evidence, for safe keeping, and same was placed in a vault located in the office of the United States Marshal at Miami.

It was learned from Mr. Sevier that no receipt was given for this gun, or for the other related property, and that he is merely holding it as a favor to the United States Attorney's office.

Mr. Sevier was advised that he should not relinquish custody of this property to anyone without prior authority, and was told that it would be appreciated if he would inform this office in the event any person endeavored to obtain custody of any of this property.

Very truly yours,

MEMORANDUM FOR MR. Tank

Reference is made to the letter from the Cleveland Office to the Bureau dated July 16, 1957 in the BREKID case, inclosing copies of letters dated July 15, 1957 to Special Agent in Charge J. P. MacFarland, Cleveland, from Mr. John C. Cochrane, Attorney, Toledo, Ohio, wherein Mr. Cochrane made certain allegations to the effect that the writer in talking to Bert Angus made certain statements reflecting upon the professional integrity of Mr. John C. Cochrane.

The writer was present at Toledo, Ohio on the occasion of the taking into custody of various defendants in that city charged with harboring Alvin Carpis and Harry Campbell, remaining in the office of the United States Attorney with Inspector E. J. Connelley while other Agents actually affected the arrest of the various subjects in Toledo, Ohio. After the arrest of the various subjects, they were brought to the Federal Building and in the suite of offices occupied by the United States Attorney they were segregated, each subject being assigned to a particular room. The writer was specifically assigned to fully interrogate Theodore Angus, while Special Agent D. P. Sullivan was, as the writer recalls, specifically assigned to interrogate Bert Angus.

Inasmuch as I was fully acquainted with all the facts as they applied to the harboring situation in Toledo, Ohio, I did on occasions during the time the various persons were held in the offices of the United States Attorney interrogate them briefly. Along this line I recall talking to Bert Angus very briefly on several occasions, but did not obtain from him anything of value. Although I am not positive, I am under the impression at the present time that Special Agent D. P. Sullivan was in the room with Bert Angus on the several occasions that I talked with the latter.

With specific reference to the quotation contained in paragraph three, page one of the above referred to letter of Mr. John C. Cochrane, I desire to state that I made no such statement to Bert Angus...
Angus as quoted, nor any statement in any way reflecting upon the professional integrity of Mr. John C. Cochrane. I am not acquainted with Mr. John C. Cochrane either personally or officially and know nothing as to his professional reputation in Toledo, Ohio.

Dear Sir:

The Cleveland office received today from the Bureau the criminal record of Anthony J. Hamrach with aliases, FBI No. 84230.

As you know, this individual is under indictment in the Northern District of Ohio charged with the harboring of Alvin Karpis and Harry Campbell and also as an accessory after the fact to the kidnapping of Edward George Bremer.

It is noted that there is no wanted notice appearing on his criminal record as furnished by the Bureau, and it is, therefore, respectfully requested that the Identification Unit place a wanted notice against his fingerprints, so that the Cleveland office will be immediately advised in the event of his apprehension by any law enforcement agency in the future.

Please be advised that this office was under the impression that an appropriate wanted notice was on file against the prints of the above-named individual inasmuch as he has been consistently carried as a "fugitive" in reports in this case beginning with the report of Special Agent S. K. McKee dated at Cleveland, Ohio, May 27, 1937.

Very truly yours,

MEMORANDUM FOR MR. TAI

July 21, 1937.

Reference is made to the letter from the Cleveland office dated July 16, 1937, forwarding therewith a letter of complaint from John C. Cochran, an attorney, regarding a purported statement made by Special Agent J. Wynn during the interview of Bert Angus in Toledo.

I was present during almost all of the questioning of this subject and at no time while I was in the room was he questioned by Special Agent Wynn. Most of the questioning was conducted by Special Agent D. F. Sullivan and me. It is quite possible, however, that at some time when I was not present Special Agent Wynn did ask Angus some questions. The name of John Cochran was never mentioned in my presence and I had never heard this name until after reading the letter of reference.

Respectfully,

Dear Sir:

Reference is made to letter to the Bureau dated July 16, 1937, enclosing copies of a letter dated July 15, 1937, received from Mr. John C. Cochran, Attorney-at-law, Toledo, Ohio, which latter letter complained of statements allegedly made by Special Agent E. J. Wyrm, which alleged statements supposedly reflected upon the professional reputation of Attorney Cochran.

Please be advised that, in accordance with telephonic instructions received from Mr. E. A. Tamm of the Bureau on July 26, 1937, Special Agent (A) R. T. Ross personally contacted Attorney Cochran at his office in Toledo on July 28, 1937, and advised Mr. Cochran that neither Special Agent Wyrm nor any other agent of this Bureau made any such statement, at any time, as was alleged by Mr. Cochran, and that the allegations are absolutely without foundation.

Agent Ross advises me that Mr. Cochran did not appear antagonistic toward the Bureau and the only significant remark which Mr. Cochran made was to the effect that he did not feel that such a matter should go unchallenged, and he, therefore, wrote the letter above referred to.

RE: BREXID

Dear Sir:

In connection with the possible issuance of an identification order for the apprehension of Anthony J. Amersbach, consideration has been given to the possibilities that Amersbach will learn of the fact that we know he is wanted at Moundsville, West Va., to complete an unexpired sentence there, if we include this information in the identification order.

While this might cause him to further conceal himself from possible apprehension, still I do not believe we could exclude this from the identification order as it might be construed to the effect that we had missed in the Identification Division the identification of this party as being one and the same individual, and it would undoubtedly have to be included in any criminal record we set out as to him.

At the time the identification order is issued as to Amersbach this should receive serious consideration.

Yours truly yours,

VAUGHN advised that he did not know anyone named MILTON or JIMMI/LETT, and when shown miscellaneous photographs, including those of MR. and MRS. MILTON LEIF, he was unable to make any identification. He stated that he formerly was in the liquor racket and knew a lot of people in Coffeyville, Kansas, and South Coffeyville, Oklahoma.

VAUGHN went on to state that he had been previously interrogated approximately half a dozen times by Agents of the Chicago Division and elsewhere inasmuch as he had known KARPIS and that "mob", and also mentioned that he was questioned concerning the Kansas City massacre; at the time he was interviewed by the Agents, he stated, he gave them all information he could.

In view of this, Agents did not further interrogate VAUGHN inasmuch as it is being assumed that the results of his interviews are set out in previous reports, copies of which the Los Angeles division does not have.

VAUGHN also mentioned that he knew many of the "hoodlums" while he was operating his drug store at 1812 Main Street, Joplin, Missouri.

DETAILS:

AT LONG BEACH, CALIFORNIA

In response to reference letter, the writer and Special Agent V. L. Parry drove by 526 Orange Avenue and learned that a building at 526 Orange Avenue is occupied by the Paradise Court, which is a group of one-story houses attached together with a court in the center; these buildings being in the shape of a horseshoe. The Long Beach Telephone Directory disclosed that the phone number for the Paradise Court is Long Beach 618190, which is listed to ALICE W. JONES, Apartment 1, 526 Orange Avenue.

Agents examined the 1936 Long Beach City Directory, which did not contain the names LEN, LYNN or BERTIE JORDAN nor the name of MILTON LEW, with aliases. Neither did the street directory disclose the name Jordan or Lett living at 526 Orange Avenue.

WALTER LENZ, Captain of Detectives, Long Beach Police Department, was interviewed by Agents regarding the occupants of 526 Orange Avenue but he was unable to furnish any information of value. He did not know Jordan and he could not identify the photograph of Lett.

At the Record Division, Long Beach Police Department, Agents were advised that they had no record for anyone named Len, Lynn or Bertie Jordan.

HARRY LEMING, mail carrier #11, and Mr. F. E. MATTISON, Superintendent of Mails, were interviewed by Agents and Mr. Laming advised that in Apartment 15, 526 Orange Avenue, there is residing a Mr. and Mrs. Len Jordan and a woman named Bertie Jordan; that he has not delivered mail there for anyone else; that these people have been living there for approximately six months or so and that he has never seen Mr. Jordan but has seen Mrs. Jordan on several occasions but did not think he would recognize her if he saw her again. Mr. Laming and Mr. Mattison were shown the photograph of Milton Lett, Akron, Ohio, $25.00, but they stated they had never seen him. Laming also advised that Alice W. Jones is the owner of these apartments but that the managers are Mr. and Mrs. L. Patterson residing in apartment 1h, which is right next to the Jordan apartment, and he advised that he believed they could be trusted and bore a good reputation, to his knowledge.

Mr. and Mrs. L. PATTISON, Apartment 1h, 526 Orange Ave., who are the managers for the Paradise Court, were interviewed by Agents. They advised that they have been managers for the past two months and that Mrs. Jones has been the owner of these premises for approximately the same time. They obtained their record book which showed that on January 29, 1937, Mr. and Mrs. Len Jordan and Miss Bertie Jordan rented Apartment 15 for $25.00 a month. They further advised that Bertie Jordan is a sister of Mr. Jordan but that they understand that her husband is in the Soldiers Hospital at Sawtelle, California, but that he has been trying to get
The Pattersons stated that as far as they know the Jordans seemed to be very nice people except that they had fights every now and then and that Mr. Jordan curses quite a bit. Mr. and Mrs. Patterson were shown a photograph of Milton Lett and they stated that it somewhat resembled the redheaded man a little but were not sure. They stated that they had not seen anyone else around the court resembling Lett. They were given a photograph of Lett and were instructed to notice any visitors or occupants of automobiles who will visit the Jordan family and they promised to immediately notify the Los Angeles field division if they obtain any information at all. They also advised that Mrs. Jordan is an elderly woman and did not believe it advisable to let her know any of the facts inasmuch as she might say something. It may be stated that the Pattersons were very cooperative and from their apartment can see anyone entering the apartment of the Jordans from the front; however, they advised that there is a door in the rear also which the Jordans very seldom use. They also advised that the only occupants living in apartment 15 were Mr. and Mrs. Jordan and his sister Bertie. The Pattersons also advised that Mr. Jordan recently had an automobile accident in Long Beach and, believing that possibly someone may have been riding with Jordan at the time of this accident, Agents interviewed Mr. Crawford, Accident Division, Los Angeles Police Department, who advised that at 7:50 P. M., June 15, 1936, Len Jordan, 526 Orange Avenue, hit a man while driving past 331 East Broadway, Long Beach; that Jordan was driving a coupe bearing 1937 California license 2Y-3779 and that the operator's license is J5049.

The Division of Registration advised that the above license is listed to Len Jordan, 526 Orange Avenue, Long Beach, for a 1935 Ford Coupe, motor 10179461.
A letter dated June 25, 1937, was written to the Postmaster at Long Beach, California, requesting that he place a thirty-day mail cover on all first class, special delivery and registered mail received by Mr. and Mrs. Jordan and other occupants of apartment 15. Up to the present time a tracing has been received which shows that an air mail letter was addressed to Mr. and Mrs. Len Jordan, which was postmarked at Farnsworth, Texas, July 2, 1937, bearing the return address "Mrs. J. E. Green, Box 926, Farnsworth, Texas". Another tracing shows an air mail letter addressed to Miss Bertie Jordan, postmarked Wichita, Kansas, July 1, bearing the return address "Mrs. C. W. Traup (writing not plain), 1613 South Broadway, Wichita". Four other tracings were also received, they being addressed to Bertie Jordan, all postmarked at Wichita, Kansas, two of which bear the return address, 313 North Topeka Avenue, Wichita, Kansas. The other tracing is one addressed to Mr. L. Jordan, bearing the return address "Mr. Albert Hiller, Long Beach, California". These tracings, which have been received so far, are being retained in the Los Angeles division file and it is being left to the discretion of the office of origin to decide whether they desire to conduct an investigation regarding any of the writers.

Mr. C. W. Dunkin, Business Manager, Associated Telephone Company, 550 Elm Avenue, advised the writer that on April 19, 1937, a telephone call was made to Long Beach 610192 from Wichita, Kansas, the caller being Paul Moore and the call was made from Wichita Falls 32005. Mr. Dunkin stated that "G.M.A.C. Corporation" is also written on the slip. No lead is being set out to conduct any investigation regarding Moore, it being left to the office of origin to decide whether or not an investigation should be conducted.

On the evening of June 28, Mrs. Patterson telephoned the Los Angeles field division stating that a woman had been visiting the Jordans and that she somewhat resembled the woman in the photograph that Bertie Franks had previously shown her (The writer had previously shown her and her husband a photograph of Mrs. Milton Lett). She also advised that some man driving California license 8V-1324 had visited the Jordans.

In response to the above telephone call, the writer interviewed Mrs. Patterson, who stated that some bald-headed fellow was driving the car with the California license but that he did not resemble Lett. She further advised that she and her husband had again seen the red-headed man and are now positive that he is not identical with Milton Lett, as the red-headed man has too prominent a nose. She advised that a woman had visited the Jordans on one occasion but that she did not know who she was. The writer exhibited to her the photograph of Mrs. Lett and she stated it somewhat resembled the woman but she could not state positively. Mrs. Patterson stated they had no additional information and that no one resembling subject has been visiting the Jordans.
The Division of Motor Registration advised that 1937 California license #49V-1354 is listed to William J. Jordan, 1754 Atlantic Ave., Long Beach, for a 1934 Chevrolet Coupe.

Mr. and Mrs. Patterson had not seen anyone resembling Milton Lett around their premises and, in view of this fact, it was deemed advisable to personally interview the Jordans prior to the holiday of July 4th, believing that probably Lett might contact the Jordans over the weekend.

On July 2, 1937, the writer visited apartment 15 and there found Bertie Jordan to be home alone. She advised the writer that her folks were living in Coffeyville, Oklahoma; that her home is in Wichita, Kansas; that she has been living with her brother, Len Jordan, since July, 1936; that neither Mr., Mrs. Jordan nor any visitors from the middle west recently; that the only ones residing in apartment 15; that she personally knows most of her brother Len's friends in Long Beach. She denied knowing Mr. or Mrs. Milton Lett and when shown their photographs failed to identify them. She specifically stated that neither Mr. nor Mrs. Lett have ever visited the Jordans as long as she has been with them and that she has never heard Len talk about the Letts. She was advised that the Jordan was anxious to ascertain his whereabouts and she stated that should she obtain any information at all she would immediately get in touch with the Los Angeles field division and at this time she was given the telephone and file number of the Los Angeles field division.

LEN JORDAN was interviewed by the writer the same evening alone, who advised that he has been in Long Beach since December 7, 1935; that the last time he saw Milton Lett was approximately four months prior to that time and that he has not seen nor heard from Lett since then. Jordan stated that during the Fall of 1935 he was living at 316 North Topeka Street, Wichita, Kansas, with several of his sisters and at that time Milton was living with his married sister named MRS. ORA COLLINS in Wichita and that about that time Mr. Collins and his wife, JANE, had a fight; that he believes Jane was living on South St. Francis Street at the time Lett was living with them. Jordan further advised that he has no idea as to where Lett may be but stated that he and Lett are very good friends, having known each other since childhood, and that he feels positive that if Lett knew of his whereabouts in Long Beach that he certainly would contact him.

Jordan went on to say that Milton always had big ideas to do great things in the criminal line of work but that he did not have enough guts to carry them out. He stated that on several occasions back in Kansas Lett would ask him to go with him on minor larceny jobs but that he always refused to go and stated that he does not know whether or not Lett committed them himself.
Jordan advised that should Lell be apprehended that he would not give anyone the time of day because he is of the type who will not cooperate in any way. Jordan advised that Milton Lett's father is dead; that his mother resides in Wann, Oklahoma, and that a brother in Wann, Oklahoma, is a wonderful woman; that Milton has about three married sisters, one who lives in South Coffeyville, Oklahoma, whose name he does not recall; that he also has two or three smaller brothers living with their mother at Wann; that Milton's brother Bud was killed accidentally several years ago; that Milton has a sister whose first name is LELLA, who is supposed to be living in Santa Monica or Santa Maria. Jordan stated that he formerly went with Lellia but that some time in 1935 she married some man from either Newton, Topeka or Valley Center in Sedgwick County, Kansas; that Lellia's husband was formerly in the refining business in Wichita. Jordan stated that some time ago he received a letter from his sister, Mrs. Ralph (Onie) Ellison, 223 North Topeka, Wichita, Kansas, at which time Onie advised that Lellia and her husband and children were living somewhere in California, and Jordan stated that his re-collection was that it was either in Santa Monica or Santa Maria.

Jordan stated that he would have his wife make a thorough search of their home in an effort to find this letter to ascertain her married name, which he did not know, and address and that if they were not able to find it he would again write to his sister, Onie, and ask for the same and that upon receipt of it he will furnish the information to the writer. He also stated that he would, upon receipt of her address, visit them and casually inquire as to the whereabouts of Milton Lett and that if he obtained any information he would immediately advise the Los Angeles field division. Jordan further stated that when he last saw Milton Milton was driving a 1931 Ford V-8 Tudor Sedan, black color, and that he believed it had Oklahoma license plates on it. He also stated that Milton was able to play the guitar while he, Jordan, would play the banjo but that they never played in any orchestra or band.

Jordan was questioned as to who Milton Lett's close friends were and he stated that a fellow named SONNY CRONBY was a very close friend of Milton; that Crosby is from Timberhill, Oklahoma, and is about 35 years old, 5'10" and is rather husky; that Crosby got arrested in South Coffeyville, Oklahoma, about 1934, for having trouble with a girl. He further advised that another very close friend is JOHN COLLINGS of Coffeyville, Kansas. It is noted in the reference report that 1POOBER has previously been interviewed by the Bureau. Jordan also stated that Milton Lett has a cousin named CLIFF COLLINGS in Wichita, Kansas, who is believed to be working at the Indian Workhouse or else working in a furniture store; that Cliff also had a brother, who is Milton's cousin, who is believed to be in the Hutchinson, Kansas, Reformatory, he being sentenced there in 1935 for highway robbery; that Cliff Collins' father and mother rented a rooming house in Valley Center, Kansas.
Jordan also advised that Milton at one time went
with a girl named CORRIE CLIMENT, who was originally from Topeka but
that he does not know her present whereabouts. Jordan stated that his
brother, EVERETT JORDAN, has a cattle ranch at South Coffeyville, Okla-
home, and that his mother is living with Everett. Jordan stated that
Everett also knows Milton but that he doubts very much he would
operate with anyone, as he is of the type that will not give any informa-
tion to anyone. Jordan also advised that he has several snapshots on
which Milton Lett appears but that when he left the Middle West he gave
all of his pictures to his mother and told her to keep them for him. Jor-
dan stated that should the occasion arise that the writer would wish to
obtain copies of these snapshots he would correspond with his mother and
endeavor to have her locate some of these snapshots for him. He stated
that most of them would have been taken some years ago and, for that
reason, the writer did not request him to obtain same at this time, it
being left to the office of origin to decide whether they wished to ob-
tain copies. Jordan was shown the Cleveland, Ohio, photograph of Milton
Lett and stated that there is a very good picture of Milton, as he looks
exactly as he appears in that photograph.

When Jordan was shown the photograph of Mrs. Milton
Lett he stated that she looks somewhat familiar to him but he could not
place her but believed he had seen her at the Gessen and Diners Dance-
hall, which is located about 3½ miles southeast of Coffeyville. Jordan
stated that as far as he knew Milton was single when he last saw him.
Jordan also advised that the photograph of HERSON JONES No. 3965 looked
familiar to him and stated that he believed he had seen that person around
Coffeyville, Kansas, years ago.

Jordan stated that his sister Bertie is of the type
that will not disclose any information to anyone; that he knows that
Bertie has seen Milton Lett on several occasions at their apartment at
313 North Topeka, Wichita, Kansas. Just before the writer left Jordan’s
home Bertie came home and Jordan asked her if she did not recall Lett
and if she had seen him. She said she did not recall anyone named Lett nor did she re-
call of his visiting them in Kansas.

Mr. Jordan was advised by the writer that knowledge
of Lett’s whereabouts was desired. Jordan then inquired of the type of
crime Lett had committed and the writer advised him that it was in connec-
tion with one of the major kidnapping cases. The impression was given Mr.
Jordan that process was issued for Lett’s arrest and that if he did not
cooperate he, Jordan, might be later embarrassed. Jordan stated that he
would cooperate with the Government in any way to ascertain the where-
abouts of Lett and that if Lett visits him at his apartment that he will
immediately get in touch with the Los Angeles field division, whose tele-
phone number was left with him, and that he would request an appointment
with Agents on some nearby street and that at that time arrangements could be made as to how Milton Lett could be apprehended. Jordan requested, however, that he did not wish Lett to be taken in his apartment nor did he want it known to anyone that he had furnished the information, should Lett be caught. Jordan further advised that he wished any information he gave the writer to be kept in confidence and he was advised that it would be.

Agent subsequently interviewed Mr. Patterson, at which time he was advised that the writer had personally interviewed the Jordans and that they were cooperative. Patterson stated that he thought that they would be, as they seemed to be nice people. He further stated that both he and his wife would keep a strict surveillance on Jordan's apartment at all times and should anyone there resemble Lett he would immediately notify the Los Angeles field division.

With reference to the lead set out in reference report dated March 25, 1937, the writer drove along Cerritos Street, Long Beach, and ascertained that there is no such number as 1332, the numbers skipping from 1100 to 1399. Agent also inquired at 332 Cerritos but was advised FRANK VAUGHN did not reside there. There is also no such number as 1331 or the first three figures of the number.

The writer then interviewed F. B. Matteson, Superintendent of Mails, who advised that he would inquire from his mail carriers whether they know of any Frank Vaughn residing in Long Beach and a letter dated July 8 was received, advising that a Frank Vaughn resides at 1723 Cerritos Avenue but that an order had just been received requesting that his mail be forwarded to 6283 Miles Avenue, Huntington Park, California.

No leads are being set out for other offices as the result of the information obtained, as it will be left to the office of origin to determine just what specific investigation should be made, this for the reason that the Los Angeles field division does not have copies of all reports in instant case and does not know whether some of the investigation which would be requested may already have been covered, however, copies of this report are being furnished to the Cleveland, St. Paul, Oklahoma City and Kansas City field divisions for their information and assistance should subsequent investigation be required.

A review of the instant file by the writer subsequent to the report of Special Agent F. E. Wright, Los Angeles, dated September 9, 1936, which RED instant case, shows that the only other outstanding leads pending in the Los Angeles field division is to check at Mojave, and Long Beach, California, regarding Lett.
UNDEVELOPED LEADS:

THE LOS ANGELES FIELD DIVISION at Long Beach will keep in touch with Len Jordan, Apartment 15, 586 Orange Avenue, to ascertain the present whereabouts of Milton Lett's married sister, whose first name is LELIA and who is believed to be living in Santa Monica or Santa Maria, California. Upon receipt of her name and address, appropriate investigation should be conducted to ascertain whether Lett may be visiting or contacting his sister. At Long Beach will report the results of the mail cover which has been placed on all mail being received by Mr. and Mrs. Len and Bertie Jordan.

At Huntington Park, California, will interview Frank Vaughn, 6523 Miles Avenue, for any information he may have as to the whereabouts of Milton Lett, as mentioned in reference report dated Mar. 25, 1937.

At Mojave, California, as mentioned in reference report dated March 11, 1937, will interview PEGGY ALINE and her husband for any information she may have regarding the whereabouts of Milton Lett, it being remembered that a letter was written to them by Sig Lett, R. R. F., Mann, Oklahoma, in February, 1937.

Re: Mr. B.

Dear Sir:

Reference is made to your letter dated July 22, 1937, in reference to ascertaining whether or not MILTON LEST is residing with one LIE JORDAN.

This is to advise that LIE JORDAN was located and interviewed by this office, and advised that he has not seen MILTON LEST for several years and does not know his present whereabouts. He advised, however, that LEST has a married sister, name and address unknown, who is supposed to be living somewhere in the vicinity of Los Angeles, California, and that he would endeavor to obtain her name and advise the Los Angeles division.

There is a possibility that one A.M. WILLIAMS, living at 3615 Cedar Avenue, Lynwood, California, may be the sister of LEST, and for that reason an appropriate 30-day mail order has been placed. A discreet investigation will be made to ascertain the identity of WILLIAMS.

The results of the interview with MR. JORDAN have been set out in a report which is in the process of being typed and copies will be forwarded to your office shortly.

MEMORANDUM FOR THE DIRECTOR

RE: CONGRESSMAN J. HARRY WILCOX

The following memorandum is submitted in response to your request for the date in the files showing the connection between Congressman J. Harry Wilcox, Joseph R. Adams and R. T. Knight together with his interest in the defense of Adams.

Joseph R. Adams married the daughter of R. T. Knight in the spring of 1934. Her maiden name is not known. She had previously been the Secretary to Congressman Wilcox. It has been variously reported that she was in some way related to Mr. Wilcox. This, however, is not borne out by the statement of Wilcox himself who advised Agent Leobl that the wife of Adams had been his private secretary. Shortly after his marriage to R. T. Knight’s daughter, Joe Adams became manager of the El Comodore Hotel. This was in August, 1934.

In his statement to Agent Leobl, Mr. Wilcox advised that he has been a close personal friend of Mr. R. T. Knight, the father-in-law of Joe Adams, for approximately thirty years. By his own admission, he first became interested in Adams’ prosecution shortly after the indictments were returned in Jacksonville, Florida. These indictments were returned on February 7, 1933. On this occasion Wilcox visited Assistant Attorney General Joseph R. Leobl and explained his interest in Mr. Adams and his family and requested information as to the character of the case against Adams. Wilcox advised that several months later he received a telephone call from Mr. Knight from Miami, Florida, Knight advising that he was leaving at once for Baltimore and requesting Wilcox to meet him at the Washington Airport. It was on this occasion that Knight told Wilcox of the plan to meet one Miller in Baltimore. Two days later Knight returned to Washington to again confer with Wilcox. He then disclosed that he had met a man by the name of Star who claimed to be an official of the Department of Justice and who claimed that for $10,000 he could arrange for the dismissal of the case against Joe Adams.

RECORDED 7-576 145'13
INDEXED 1/65 MAR 22 1965
Knight then returned to Kansas and some time thereafter the
prosecution took the course which was predicted by Sher. This alarmed
Knight and resultant thereto he advised Wilcox of these facts telephonically.
Wilcox directed Knight to proceed to Washington. Wilcox then called
Mr. Keenan, expressing a desire to discuss certain facts with reference
to this case. He was advised by Mr. Keenan that the case was being handled
by Mr. Walter L. Barlow, and that Wilcox should discuss the matter with
Barlow. Some time thereafter, Wilcox and Knight called upon Barlow. Wilcox
and Knight then disclosed to Barlow the events which had transpired in
Baltimore, at which time Barlow proposed an immediate investigation.
During this conversation, Wilcox explained to Barlow that he was interested
in Adams because of Adams' wife and her family and that "the object of
my call was not so much to get Adams' case dismissed as it was to insist
upon the prosecution of the people who had attempted to extort money
from Mr. Knight...."

Wilcox, in his statement, declared that, nothing having been
done with reference to the extortion plot, he returned to Barlow's office
two or three months later demanding the prosecution of the alleged extor-
tioners.

Some time thereafter, Knight received information that one of
the conspirators was ailing in health and likely to die; consequently
Wilcox again conferred with Barlow and again demanded an expeditious
investigation. According to Wilcox, the investigation was again promised
by Barlow.

According to Wilcox, nothing having been done on the subject,
on September 10, 1930, he and Mr. Knight called upon Attorney General Homer
B. Cummings, to whom he disclosed the details of the alleged extortion plot.
Wilcox alleges that despite disclosure to the Attorney General, nothing was
done with reference to this matter.

In closing his written statement, Wilcox declared that Knight
was of the opinion that one of the two things happened:

"Either that some one in the Department of Justice has
tried to hold him up for $10,000 as the price of dismis-
sing the case against an innocent man, or that the
Department of Justice, realizing that it had no case
against Adams and desiring to secure his conviction,
sought to entrap Mr. Knight into offering a bribe so
as to be in position to force either a plea of guilty
from Adams or an indictment of Knight for offering a
bribe. I voice no opinion as to the correctness of Mr.
Knight's comments but I do find that the actions of
the Department have not been such as to reassure him
and others acquainted with the facts of the innocence
of the Department on either count."
It is interesting to note that throughout the statement of Wilcox he has not intimated that he was in any way interested in obtaining the dismissal of the indictments against Adams or in convincing appropriate officials of the Department of Justice of the innocence of Adams. On the contrary, he makes every effort to show that his only interest in the case up to that time was to surmount the Department of Justice to authorize an investigation into the alleged extortion plot.

The first intimation that Wilcox would be associated with counsel for defense was contained in a letter of Bert J. Riley, Miami, Florida, May 2, 1937, to Walter L. Parlow, in which he advised that J. Mark Wilcox would assist in the trial on behalf of the defense. In that letter, Riley suggested that a continuance would be asked on several grounds among which was the fact that Wilcox, of defense counsel, was then attending Congress.

When the trial of Adams and Randall came on to be heard at Miami, Florida, on June 7, 1937, Wilcox was sitting at the counsel table with Riley and Hyde. When the drawing of the jury was commenced, Mr. Charles Carr, in open court, requested to be advised by Riley as to the names of the persons who would be associated in the defense of Adams and Randall. Riley stated in open court that only he and Hyde were of counsel. It was not until the afternoon session of court on June 7, 1937, that Riley declared in open court that he had forgotten to mention that J. Mark Wilcox was also of defense counsel. This appeared to be a very obvious and intentional oversight on the part of Riley. Wilcox was seated at the table at the time Carr made his request but did not offer to correct the statement of Riley. This made it impossible for Mr. Carr to examine the jurors on the question of whether they would be prejudiced because the defense was represented by a Congressman. In view of the Director's Verdict against the Government, no hardship resulted from Riley's failure to advise that Wilcox would be of defense counsel. It is believed, however, that had Wilcox been fair minded and impartial in the matter, he would have corrected Riley at the time the request for such information was made by Mr. Carr.
On numerous occasions, while the Government was presenting its case in chief, Wilcox would rise and whisper in audible terms to Riley, who was doing the cross-examining. The table for defense counsel was located very near the jury box and the comments made by Wilcox were clearly audible to the jury. This became so embarrassing to the Government, that Mr. Cary was compelled to complain to the court that the language used by Wilcox should be in subdued tones out of hearing of the jury so that the position of the Government would not be unfairly prejudiced.

During the course of the Government's presentation of its case, a collateral inquiry was instituted to inquire into the admissibility of statements obtained by Special Agents free Joseph Adams and John Randall. At the conclusion of these hearings, Mr. Wilcox argued in behalf of the suppression of the statements. During the course of his argument, Wilcox used the following derogatory statements with reference to the Bureaus:

"...but the great C-Man, whatever its name is; I confess there are so many bureaus, departments and divisions of this Government that I can't even keep up with the correct names of them, but whatever it is, it is the greatly publicized C-Man Department and I can well imagine how I would feel..."

At this moment, the court interrupted by sayings

"I can keep up with the real names but I can't keep up with the initials."

To this, Mr. Wilcox replied

"That's its alphabetical arrangement. I would, if one of these highly publicized moving picture heroes who are constantly held up to the public, through their free use of their shooting irons, should come into my office, take me off to a hotel room and question me for hours, I could well imagine that I would be greatly excited, and I would be greatly unnerved."

The only other active participation of Wilcox in the trial of Joe Adams was his argument for the suppressing and the striking of all of the Government's exhibits, which argument occurred upon the closing of the Government's case. His argument in this instance was moderate and un-impassioned. He argued for the suppression of every exhibit which the Government had introduced. Each motion with reference to each exhibit was overruled.
I particularly noted that immediately after Judge Ackerman had ordered the Directed Verdict and had left the bench he sent word through his Bailiff to Wilcox requesting that Wilcox see him. Judge Ackerman, in Chambers immediately. I personally overheard this conversation. Special Agent in Charge, E. F. Fitzsimmons, who was in Miami for this trial, advised me that immediately after the Directed Verdict, he went to the Chambers of Judge Holland to extend his greetings. It will be remembered that Judge Holland was formerly the United States Attorney in Jacksonville, Florida. Fitzsimmons told me that the office girl, by mistake, ushered him into Judge Ackerman's Chambers instead of Judge Holland's Chambers and that he observed in Judge Ackerman's Chambers, Congressman Wilcox.

The United States Marshal at Miami, Florida, also told me after the Directed Verdict had been ordered that on the day preceding, Congressman Wilcox and Judge Ackerman had lunched together.

It will be recalled that Wilcox advised Agent Loshb that he has been a personal friend of Mr. T. J. Knight, the father-in-law of Joe Adams for approximately thirty years. Attention is now directed to the fact that just preceding the investigation conducted by Agents in Miami, Florida, in January, 1935, Knight was indicted by a State Grand Jury at Miami on the charge of conspiring with the Director of Public Safety and other officials of the Police Department to permit the operation of crime in Miami by restricting the police officers from working in certain sections of the city. It is understood, however, that these indictments came to naught.

Knight is considered an all-round politician and a fixer having an unenvy reputation. He is quite wealthy and has been interested in various racketeers in Miami in the past few years. He is now interested in the Biscayne Hotel Club. It is reported that he was formerly quite influential in city and state politics and was personally close to the former Sheriff and Chief of Police. Knight was at one time slated to become Postmaster in Miami, but lost this appointment due to his bad reputation. It is reported that Knight made a considerable sum of money in real estate. He is well regarded financially. Knight, together with his brother, John, owns the Venetian Building, a large office building on Flagler Street. Bob Knight is also interested in the Biscayne Bank, which is now defunct. He is the owner of the El Comodoro Hotel, which is known as the "Backeater Hotel."

Respectfully,

K. E. McIntire.

RE: CONGRESSMAN J. MARK WILCOX.

To this, Mr. Wilcox replied:

"That's it; the alphabetical arrangement. I would, if some of these highly publicized moving picture heroes who are constantly held up to the public, through their free use of their shooting irons, should come into my office, take me off to a hotel room, and question me for hours, I could well imagine that I would be greatly excited, and I would be greatly unnerved."

The only other active participation of Wilcox in the trial of Joe Adams was his argument for the suppressing and the striking of all of the Government's exhibits, which argument occurred upon the closing of the Government's case. His argument in this instance was moderate and unimpassioned. He argued for the suppression of every exhibit which the Government had introduced. Each motion with reference to each exhibit was overruled.
I particularly noted that immediately after Judge Ackerman had ordered the Directed Verdict and had left the bench he sent word through his Bailiff to Wilcox requesting that Wilcox see him, Judge Ackerman, in Chambers immediately. I personally overheard this conversation. Special Agent in Charge, H. P. Fitzsimons, who was in Miami for this trial, advised me that immediately after the Directed Verdict, he went to the Chambers of Judge Holland to extend his greetings. It will be remembered that Judge Holland was formerly the United States Attorney in Jacksonville, Florida. Fitzsimons told me that the office girl, by mistake, ushered him into Judge Ackerman's Chambers instead of Judge Holland's Chambers and that he observed in Judge Ackerman's Chambers, Congressman Wilcox.

The United States Marshal at Miami, Florida, also told me that Wilcox and Judge Ackerman had lunched together after the Directed Verdict had been ordered that on the day preceding.

It will be recalled that Wilcox advised Agent Loeb that he has been a personal friend of Mr. T. R. Knight, the father-in-law of Joe Adams for approximately thirty years. Attention is now directed to the fact that just preceding the investigation conducted by Agents in Miami, Florida, in January, 1935, Knight was indicted by a State Grand Jury at Miami on the charge of conspiring with the Director of Public Safety and other officials of the Police Department to permit the operation of crime in Miami by restricting the police officers from working in certain sections of the city. It is understood, however, that these indictments came to naught.

Knight is considered an all-round politician and a fixer having an unsavory reputation. He is quite wealthy and has been interested in various racketeers in Miami in the past few years. He is not interested in the Miami Kennel Club. It is reported that he was formerly quite influential in City and State politics and was unusually close to the former Sheriff and Chief of Police. Knight was at one time slated to become Postmaster in Miami, but lost this appointment due to his bad reputation. It is reported that Knight made a considerable sum of money in real estate. He is well regarded financially. Knight, together with his brother, John, owns the Venetian Building, a large office building on Flagler Street. Bob Knight is also interested in the Biscayne Bank, which is now defunct. He is the owner of the El Comodoro Hotel, which is known as the "Racketeer Hotel."

Dear Sir:  

Post Office Inspector S. Mettrock, Cleveland, Ohio, advised Special Agent R. J. Nym that he has an confidential informant whose identity he does not presently desire to disclose, who is acquainted with Anthony J. Amarebach, who, as you have been previously advised, is a fugitive in the Northern District of Ohio on an indictment returned against him in said district on June 10, 1937, charging him with having harbored Karpis and Campbell and also with being an accessory after the fact in the kidnapping of George Bromer. Post Office Inspector Mettrock advised that his informant stated that Amarebach is presently in New York City associating with one Betty Hoffman, alias Fisher, who was arrested in New York City about 1930 with a man who was an escapee from the State Penitentiary in Joliet, Illinois, and that this particular arrest in New York City caused considerable publicity and that the said Betty Hoffman, alias Fisher, is well known to the New York City police where photographs of her are on file as a result of the well-publicised arrest in 1930.  

According to Post Office Inspector Mettrock, Betty Hoffman, in the course of the past few years, has made trips from New York City to Cleveland, Ohio, to visit Anthony Amarebach and it is reported that Amarebach is much interested in this woman.  

Enclosed herewith is a photograph of Anthony Amarebach taken in 1931 which is reported, however, to be a very poor likeness of him at the present time. The most recent description of Amarebach, obtained as a result of an interview had with him by agents of the Bureau at Cleveland, Ohio, is as follows:

It is requested that you conduct immediate investigation seeking to establish the identity of Betty Hoffman and her present location in New York City, bearing in mind she is well known to New York City police and determine whether or not Amoshach is in touch with her and, if so, bring about his apprehension. It should be borne in mind by the New York Office that Amoshach is reported to carry firearms and that he at one time, in Cleveland, Ohio, in connection with a hold-up in which several others were involved, shot two Cleveland (Ohio) police officers.

It is requested by the Cleveland Office that the New York Office return the original photograph of Amoshach, which is being enclosed, and that at least twelve copies of this photograph be made and forwarded to the Cleveland Office.

Mr. F. H. Dixon, 772 Fairmont St., called and asked to speak with the Director. Upon being told that the Director's office was closed at this hour he asked if he could make an appointment to see the Director personally during the day. He was informed that it would be necessary for him to call during the regular office hours to make such an appointment. He stated that he would do so. 9:10 A.M. The files reflect that Mr. Dixon wrote to the Bureau on November 3, 1936 asking what the qualifications were for a Special Agents position. He has no law or college training and was advised that there were no vacancies at that time. wj.

Time: 2:20 A.M.

A party called and stated that he believes the New York Hotel to be a nest of White Slavery under the protection of the local police and should be investigated by the Bureau. He refused to give his name or any further information.

Time: 2:25 A.M.

The Associated Press called and stated that they have a report from Toledo that a body found on a road near there in September, 1934, has been exhumed and identified by Federal authorities as Dr. Joseph Moran, the finger-tip and face surgeon for Karpis, Dillinger, and others. According to the report that they had the Director would announce it officially later. The party calling desired to know if we had any information available on this subject. He was advised that we were not authorized to give out any information and it was suggested that he call back during the day and speak with one of the proper officials. 9:00 A.M. Mr. Tamm advises that this body was exhumed several months ago, and it was definitely determined as not being the body of Dr. Moran. wj.

Dear Sir:

Re: IDENTIFICATION

In answer to Bureau letter dated July 20, 1937, (7-576),
the following information with reference to Anthony Joseph Amerbach
is being submitted for the use of the Bureau in the preparation of an
Identification Order:

Name: ANTHONY JOSEPH AMERBACH, aliases: Anthony Joseph

Amerbach, Tony Amerbach, George Young, Tom Gordon

Description as obtained by recent personal observation
and interviews by Bureau agents:

Age - 40 yrs. (born March 6, 1896)
Height - 5' 8"
Weight - 190 lbs.
Hair - white except for dark streak down center
Eyes - brown, piercing
Build - heavy
Occupation - gambling house employee

Criminal record: FBI #94230 as supplemented by recent verification by
the Cleveland office is as follows:

[Redacted]

Copies destroyed
169 MAR 25 1965
The letter from the Pittsburgh Office to the Cleveland Office dated March 17, 1937, reflects that at the time Amersbach was released by the West Virginia prison authorities to be returned to the Ohio State Penitentiary as an escape, it was with the understanding that a proper detainer was to be placed at the Ohio State Penitentiary to insure the return of Amersbach to the West Virginia institution upon his release from the Ohio State Penitentiary, but that, however, through some oversight the detainer was not placed, and Amersbach, as a result, was never returned to Moundsville, West Virginia. Reference to this letter also indicates that the West Virginia authorities at the present time desire the return of Amersbach and that he was published as a fugitive in the September 1st, 1934, issue of the Bureau Fugitive bulletin.

As pointed out by Inspector E. J. Connelley in his letter to the Bureau, dated at New York City July 1st, 1937, there are reasons to
believe that Amersbach is not acquainted with the fact that the
Bureau knows of his fugitive status from West Virginia, but if this in-
formation appears on an Identification Order it may cause him to exer-
cise extreme caution to avoid apprehension. As suggested by Inspector
E. J. Connelley to omit this information from the Identification Order
may be construed to mean that the Identification Division missed an
identification. The feasibility of including this information with
reference to the fugitive status of Amersbach on an Identification
Order is being left to the discretion of the Bureau.

RELATIVES: Father - Andrew Amersbach, 7124 Clark Avenue
Cleveland, Ohio.

Mother - Deceased.

Brothers - Harry Amersbach, 7124 Clark Avenue,
Cleveland, Ohio.
Phillip Amersbach, State House of
Correction and Branch Prison, Mar-
quette, Michigan, where he is serving
a life sentence.
Dr. Joseph C. Amersbach, office
address: 105 East 53rd Street, New
York City. Residence: Blind Brook
Road, Westport, Connecticut.

Sisters - Beatrice Amersbach, 7124 Clark Avenue,
Cleveland, Ohio.
Mrs. Joseph C. (Anna) Wagner, 1346
East 94th Street, Cleveland, Ohio.
Mrs. John B. (Bertha) Morgan, 12576
Lake Avenue, Lakewood, Ohio.

OFFENSE: Indicted Northern Judicial District of Ohio, Toledo,
Ohio, June 10, 1937, in three counts as follows:

1 - Violation of Title 18, Section 551, U. S. C., in that
Amersbach was an accessory after the fact to the kidnaping
of Edward George Bremer.

2 - Violation of Title 18, Section 88, U. S. C., in connection
with Title 18, Sections 408-c and 551, U. S. C., in that
Amersbach conspired with others as an accessory after the
fact to the kidnaping of Edward George Bremer.
3 - Violation of Title 18, Section 88, U. S. C., in connection with Title 18, Section 246, U. S. C., in that Amersbach conspired with others to harbor and conceal Alvin Karpis and Harry Campbell knowing them to be fugitives from justice in connection with the kidnaping of Edward George Bremer.

A photograph of Amersbach taken December 24, 1931, at the Ohio State Penitentiary was forwarded to the Bureau by letter from the Cleveland Office dated November 27, 1936. This photograph is said to be a very poor likeness of the fugitive, and it is the opinion of agents of the Cleveland Office who have recently observed Amersbach that it will be very difficult to effect an identification of him from this photograph. However, it is the best available and investigation recently conducted by the Cleveland Office has failed to locate a better one.

There are no handwriting specimens of Anthony Amersbach available in this office. However, it is believed that he undoubtedly signed fingerprint cards reflecting previous arrests, and it is, therefore, requested that the Bureau ascertain from the prints on the file with the Bureau under FBI #04320 whether or not he signed the cards in ink.

Special Agent in Charge,  
Cleveland, Ohio.  

Reference is made to Cleveland letter to the Bureau dated August 5, 1937, transmitting data for the use of the Bureau in the preparation of an Identification Order on Fugitive Anthony Joseph Amsbach.  

You are advised that the criminal record of fugitive Amsbach as reflected in reference letter is incomplete, and must be completed prior to the issuance of an Identification order.

Item 1 records the receipt of Amsbach at the State Penitentiary, Columbus, Ohio. There is, however, no prior arrest recorded. You should obtain the complete record of the prior arrests, including the name under which arrested, number assigned on arrest, date of arrest, charge and disposition.

These comments are equally applicable to Items 2 and 3.

Item 4 records an arrest in Cleveland, Ohio, but fails to indicate the name of the department making the arrest, the name under which subject was arrested, number assigned, date of arrest, and date of release, all of which should be obtained if available; if not, appropriate notation should be made.

Item 5 records an arrest by the Cleveland, Ohio, Police Department March 10, 1936 for violation of auto law, but the name under which arrest was made and the number assigned are not given.  

You are requested that you obtain the above information at the earliest moment, and that it be transmitted to the Bureau.

If not, the appropriate check should be made, and the Bureau advised prior to the issuance of the Identification Order.

Dear Sirs,

Reference is made to Bureau letter dated October 28, 1956, relative to the prosecution of Alvin Karpis on a charge of murder at West Plains, Missouri.

The Bureau desires to be advised as to whether, in your opinion, there is sufficient evidence available to convict Karpis of this murder, and also as to whether the prosecuting attorney is capable of obtaining a conviction in the event sufficient evidence is available.

The Bureau further desires to be informed as to whether during the recent trial at Willow Springs for the murder of Doctor Paris, the prosecuting attorney gave any indication of contemplating prosecuting Karpis for murder. In this connection your attention is directed to your letter dated February 19, 1957, in which it was stated that Mr. Roberts indicated that he did not wish to begin prosecution against Karpis until the case against Robert Kennedy had been disposed of. You should also inform the Bureau as to what action, in your opinion, should be taken to insure the successful prosecution of Karpis on the murder charges, in the event the prosecuting attorney has indicated an intention of bringing this case to trial.

RE: BROKEN

Dear Sir:—

Reference is made to my telephone call to the Bureau on July 30, 1937, requesting that this office be informed as to whether CHARLES P. CLOUSE was still wanted by the Bureau in connection with the kidnapping of Edward George Bramer at St. Paul.

Inquiry was based on information furnished by Thomas J. Dunn, 815 Commercial Street, Council Bluffs, Iowa, who called at the Omaha Field Office on July 30th and advised that for the past year or two he had noticed in the Post Office Building at Omaha, Nebraska, a wanted notice on CHARLES P. CLOUSE, wanted for bank robbery and that he was positive he had come in contact with this individual on several occasions. He stated that CLOUSE had been working for the past year or so in the Omaha vicinity, employed by the Looe-Wiles Biscuit Company and the Iten Biscuit Company, also, by the Nebraska Power Company.

Mr. Dunn further advised he had observed this individual, whom he identified as CLOUSE, playing cards at Ben Kennedy's place, a card room in Omaha, Nebraska.

No record of a wanted notice of Identification Order on this individual could be located at the Omaha Office and I accompanied Mr. Dunn to the Post Office Building and there observed a Post-Office Circular for the apprehension of CHARLES P. CLOUSE, wanted for mail robbery and not bank robbery. The circular offered a reward of $2,000.00.

This information was furnished the Cincinnati Office to determine if CLOUSE was still wanted and inquiry was also directed to the Bureau. Upon receipt of the information from the Bureau, through telephone call placed by Mr. Cornelius that CLOUSE was not wanted by the Bureau, in accord with instructions this information was furnished Post Office Inspector in Charge V. C. Batie, at Omaha, Nebraska.

It is noted that Mr. Dunn made his identification, not only from the photograph appearing on the circular, but also from description noted thereon, which indicates a scar just back of the left index finger, and which Mr. Dunn stated he had observed, and that this single item had made him positive in his identification, along with his general resemblance to the photograph of the wanted individual.

UNITED STATES OF AMERICA,

v.

JOSEPH H. ADAMS and HENDRY RANDALL,
Defendants.

PETITION

NOW COME Joseph H. Adams and Hendry Randall, M. H. Rolfe, and the El Conedoro Hotel, a Florida corporation, by their attorney, Bart. A. Riley, and respectfully show to the Court that within the last ten days they submitted to the office of the United States District Attorney a petition, requesting that the Court enter an order requiring the United States Government to return to Joseph H. Adams certain books, records and effects of the said Joseph H. Adams, and certain personal belongings of Hendry Randall, excluding a certain automatic gun or rifle, but to include therein one certain revolver and holster, the property of M. H. Rolfe, a deputy sheriff, which was in the possession of Hendry Randall at the time of his arrest.

That the original of said Petition was forwarded to Washington by the assistant District Attorney in Miami, to the office of the Attorney General, and the office of the Attorney General, so Petitioners are informed and believe, instructed the Assistant Attorney General to request the attorney for said petitioners to amend the Petition and specifically list the property, the return of which is sought.

These Petitioners represent that the Government, through its attorneys, has failed to United States Gov-
papers, records and effects which it, without process of law, took
took from the El Comodoro Hotel, at Miami, Dade County, Florida,
in the month of January, 1935, and from the possession of Hendry
(Duke) Randall during the same month. That the United States
Government, at the time of the seizure of said books, papers, rec-
ords, documents and personal effects, did not give to the said
Adams, nor to the El Comodoro Hotel, nor to the said Randall, any
receipt, which, under the law, they would have given had due and
legal process been used for the seizure of such property.

That these Petitioners do not recall all the property so
seized and taken by the Government Agents, but know that they took
certain registration cards, which are described in a receipt here-
to attached and marked "Exhibit A", and certain Guest Arrival and
Departure Records described in the letter hereto attached and
marked "Exhibit B", all of which papers and records are referred
to in copies of correspondence hereto attached, marked Exhibits
"C", "D", "E", "F", "G" and "H".

That these Petitioners request the return of the property
described herein, as well as the return of one certain revolver
and holster, which said revolver and holster were in the possession
of Hendry Randall at the time of his arrest, as the same is the
property of one M. H. Rolfe, and counsel who signs this Petition
is representing Mr. M.H. Rolfe, who was a former Deputy Sheriff
of Dade County, Florida.

And Petitioners further request that on a day and at a
time to be fixed by the Court, the Attorney General of the United
States, or one of his assistants familiar with the above entailed
case, and the Honorable Herbert B. Phillips, United States Dis-
trict Attorney for the Southern District of Florida, through his
Assistant,ERGY. sree , a trea
books, papers, records and effects described in this Petition specifically, and to then and there report to the court what other personal books, papers, records and effects the said United States Government has in its possession, of the property of Joseph H. Adams, Hendry Rendall, or of the El Comodore Hotel, of which Joseph H. Adams now is, and during the month of January, 1938, was, manager, and that if said Order to Show Cause discloses that the United States Government has in its care, custody and control any other books, papers, records or effects of the parties named, that it be ordered to return the same to the parties named, through their counsel, Bart. A. Riley.

That upon a hearing herein, the Court will direct the return of all books, papers, records, documents and effects listed in this Petition, as well as any other property disclosed at the hearing to belong to these Defendants, or to the El Comodore Hotel, except one Browning automatic machine gun, which is not the property of any of the parties making this Petition.

T. H. Knight, being duly sworn, depose and says that he is President of the corporation owning the El Comodore Hotel, in the City of Miami, Florida, that Joseph H. Adams, etc., for which they have been given to the Petitioners as aforesaid, and that the defendant, Joseph H. Adams, Hendry Rendall, or the other Defendants, or by any of them, shall return the same to the Petitioners.

OFFICE

Saint Paul, January 11, 1937.

Federal Bureau of Investigation,
Jacksonville, Florida,

Gentlemen:

Re: United States vs. Sawyer, McDonald, et al.

Shortly before the trial of Sawyer and McDonald certain books and records of the ElComodore Hotel were furnished by your department. Some of these books and records were used in evidence at the trial of the above-named defendants. Others were retained in my office.

On January 9, 1937, Mr. Bart. A. Riley, attorney at law, Seybold Building, Miami, Florida, wrote us as follows:

"During Sawyer's trial in St. Paul, you had Mr. Joseph H. Adams, my client, identify certain guest cards, registration cards, departure books and other records of the Hotel ElComodore. In regard to these records, I enclose herewith copies of letters I have addressed to Mr. Carr in Washington and to Mr. Nathan in Jacksonville, and I am desirous of having these books and records available for my inspection in the Federal Court here before January 20, and if you have them in St. Paul, will you please cooperate with me, and obtain permission from the proper departmental head, to see that the papers, books and records are sent down here immediately?

Possibly the books and records to which Mr. Riley refers are the different records which were received in evidence at the trial. These, of course, I have no jurisdiction or control over at the present time, since the same were transmitted from the District Court to the Circuit Court of Appeals at Saint Louis, which court is now considering the appeals of these two defendants.

In any event, I am forwarding to you under separate cover:

Guest Arrival and Departure Record of January 1, 1936, up to and including June 12, 1935; also

Arrival and Departure Record from May 16, 1934, up to and including December 31, 1934; also

Bell Boy Call Sheets for many dates during the latter part of the year 1934 and the first part of the year 1935.

I am advising Mr. Bart that these records have been sent to your office. Please acknowledge receipt of the same.

Very truly,

Mr. Bert A. Riley,
Attorney at Law,

Dear Mr. Riley:

This will acknowledge receipt of your letter of January 5, 1937, wherein you request that I cause to be transmitted to the Clerk of the Federal Court at Miami, Florida, certain books and records of the Richmond Hotel.

I am enclosing herewith a copy of a letter this day sent to the Bureau of Investigation, Jacksonville, Florida. You will observe from a reading of that letter that the books and records which your clients, Mr. Adams, identified are under the control of the court and are at the present time at Saint Louis, Missouri, where the Circuit Court of Appeals is considering appeals of the above-named defendants and of course at this time I would be unable to get a transmittal of these records to the Clerk of Court at Miami. The arrival and departure records have, however, been sent to the Bureau of Investigation, at Jacksonville, Florida. I have done this for the reason that such books and records were in the first instance delivered by that office to me.

I note what you say in the last paragraph of your letter, and it would be very agreeable to me to enjoy some of that beautiful weather. But the weather up here is, as usual, most disagreeable at this time of the year. With kindest personal regards, I am

Nos. 4607 and 4609-M Cr.

I enclose herewith letter which I have addressed
to R. B. Nathan, Special Agent, Jacksonville, Florida, which
is self-explanatory. The books and records referred to in
that letter belong to the ElComodore Hotel, Miami, Florida,
and I have heretofore been given permission to examine them,
but since I was given that permission, the records have been
absent from the State of Florida due to the fact that when
Mr. Joseph H. Adams testified for the Government in St. Paul,
Minnesota, the Government had the records and papers up there
for his identification.

I am sending you a copy of the aforesaid letter
so that, in the event the books and records are not in
Jacksonville, I therefore ask you to have the books and records
sent down here from whatever place they may now be filed.
Perhaps Mr. Sullivan still has them out in St. Paul.

I am also sending you a copy of this letter, as
well as the R. B. Nathan letter, to Mr. Sullivan.

Dear Sir:

At the time of the investigation of the Karp
matter in Miami, Florida, agents of your Department too: at
the Hotel El Comodoro certain papers, books, records, cards, etc., covering the period from August, 1935, and
including January, 1936.

I understand that these documents were never

Reference is made to letter of Inspector E. J. Please be advised that in addition to the information furnished by the Cleveland office relative to the personal property and furniture left at the premises at 5973 West 114th Street, Cleveland, Ohio, the report of Special Agent James L. Faller, Philadelphia, Pennsylvania dated February 19, 1938 reveals that following the apprehension of Dolores Delaney at Atlantic City, New Jersey her personal effects as well as the clothing found at Atlantic City were turned over to her under date of February 11, 1938 and a receipt was obtained therefor and placed in the Philadelphia office files.

It should be noted that Dolores Delaney was not taken into custody by the Cleveland Police Department in September 1934, nor was she released by the Cleveland Police to Agents of this Bureau for removal to Chicago, Illinois for questioning. Accordingly the Chicago office has never been in possession of any of her personal property.

Re: "BREXID."

Dear Sir:

Reference is made to your letter of August 4, 1937, in the above entitled matter, inquiring as to whether stop notices should be maintained against 1935 Ford V-8 two door Sedan, Motor #2044377 and 1935 Plymouth Sedan, Motor #32772 Serial #2619857.

The Ford automobile mentioned above was registered in Kansas during 1935 in the name of J. M. Lett, 113 E. 8th St., Coffeyville, Kansas.

The Plymouth automobile above described was registered in Ohio during 1935, in the name of Carl Baker, who is identical with Milton Lett. Neither of the above cars has been recovered.

The Bureau has recently instructed that continued efforts should be made to locate Milton Lett in connection with harboring investigations presently being conducted. There is no process outstanding for Lett in this case, but it is understood his apprehension is wanted by the Post Office Inspectors in connection with the Garrettsville, Ohio, mail robbery.

All offices covering Bureaus of Motor Vehicles are, therefore, requested to make a re-check to ascertain if either of these cars is registered at the present time and if no registration is found, appropriate stop notices should be placed against these cars.

Dear Sir:

Reference is had to letter dated at the Cincinnati Division, August 8, 1937, addressed to the Bureau Office at Chicago, Illinois, suggesting that all offices covering Bureau of Motor Vehicles check the records of the said Bureau so as to ascertain if 1928 Ford V-8 two door Sedan, Kotor #2044357, and 1939 Plymouth Sedan, Kotor PC-327772, were registered.

Please be advised that on June 28, 1936, George F. Parrish, Register of Motor Vehicles, State Road Commission, Charleston, West Virginia, was informed that the two said motor vehicles had been previously registered during the year 1935 in the State of Kansas by J. M. Lee, 125 West 6th Street, Coffeyville, Kansas. Mr. Parrish was requested to make an examination of his records for the purpose of ascertaining if the two motor vehicles herein described were registered within the State of West Virginia subsequent to 1935. Mr. Parrish was further requested that should either of the two automobiles come to the attention of his office, or should J. M. Lee apply for either a title, driver's permit, or West Virginia registration plates, he should notify this office immediately.

On June 28, 1936, this office was advised by the State Road Commission of West Virginia that it had no record concerning either automobile and that a stop notice had been placed against both.

RE: MURDER

Dear Sir:

In connection with the above captioned case, please be
advised that Anthony Joseph Aaserbach, a former employee of the
Harvard Club, is presently a fugitive. An indictment was returned
against him at Toledo, Ohio, on June 10, 1937, charging him with
having harbored Alvin Karpis and Harry Campbell and further
charging him as an accessory after the fact to the kidnapping of
Edward George Brazeal.

Arthur Hebebrand and John F. "Sharkey" Gorman are presently
confined in the United States Penitentiary at Lewisburg, Pennsylvania,
having entered a plea of guilty at Cleveland, Ohio, to the above
indictment of June 10, 1937. The fugitive Anthony
Joseph Aaserbach was closely allied at the Harvard Club, a notorious
gambling rendezvous, located in Newburgh Heights, a suburb of Cleve-
land, Ohio, as were Arthur Hebebrand and John F. "Sharkey" Gorman.
Aaserbach disappeared from Cleveland, Ohio, about the middle of May
1937, and it is reported that he embezzled between $12,000 and
$40,000 of the Harvard Club's money and at the present time Ralph
Fenton, who is Arthur Hebebrand's partner in the operation of the
Club, is seeking to locate Aaserbach. It is known that Aaserbach
was more or less considered Hebebrand's "man" at the Harvard Club
and that he acted at times as personal bodyguard for Hebebrand
and there is a possibility that even though he had embezzled money
from the Harvard Club, he is still on a friendly basis with
Hebebrand and Gorman, while at the same time at odds with Ralph
Fenton.

RECORD

With the above idea in mind, it is respectfully requested
that you arrange with the officials of the penitentiary at Lewisburg,
Pennsylvania, to appropriately cover all correspondence of Arthur
W. Hebebrand and John F. "Sharkey" Gorman for the purpose of obtaining
some leads as to the present whereabouts of Aaserbach. It is
also requested that you furnish the penitentiary officials with the
enclosed photograph of Aaserbach, which has on its reverse side a
complete description, and request the penitentiary officials to be
on the lookout for any visitors of Hebebrand or Gorman in the hope
of picking up Anschutz in the event he visits these men at the penitentiary.

The Cleveland office further requests that you obtain and forward at least three penitentiary photographs of Ballebrand and Gorma.

Very truly yours,

J.P. MacFARLAND,
Special Agent in Charge

Dear Sir:

Reference is made to a letter from our Pittsburgh Office dated June 25, 1937, requesting a search of your records in connection with 1933 Ford V-8 two door Sedan, motor PJ-64377 and a 1932 Plymouth Sedan, motor PJ-322772, serial 636697, and also requesting that the Pittsburgh Division be notified should J. L. Lett apply for either title or driver's permit in West Virginia.

Reference is further made to your answer to this request indicating there was no record on either automobile and that a stop notice had been placed against both.

Inasmuch as this Bureau is still interested in locating these two cars and J. L. Lett would you be kind enough to search your records for 1937 to ascertain whether or not either car has been registered in the State of West Virginia and whether or not J. L. Lett has made application for either registration plates or a driver's permit. In the event that your records do not disclose any information in this matter, it is requested that the stop notices placed on these cars and on Lett's application be discontinued until further notice.

MEMORANDUM FOR THE DIRECTOR.

RE: ERRONEOUS CONVICTION OF
GEORGE SARGENT AND ANTHONY
LABRIZZETTA FOR THE WARREN,
OHIO MAIL TRUCK ROBBERY

On April 24, 1935, a mail truck at Warren, Ohio was robbed by three men who obtained loot consisting of $72,000 in currency and bonds. Two days after the robbery George Sargent and Anthony Labrizzetta were arrested at Warren in connection with this robbery. They were indicted on this charge during the spring of 1935 and were later convicted by a jury. Judge West, who presided at the trial, held some doubt in his mind as to their guilt and granted a motion for a new trial. The second trial took place during the early part of 1936 which again resulted in a conviction as to both individuals. They were each sentenced to serve a term of twenty-five years in a United States Penitentiary. The case has been pending on an appeal to the Circuit Court since the two convictions and the subjects have been incarcerated in the Cuyahoga County Jail at Cleveland, Ohio, awaiting the outcome of their appeals.

During the Bureau's investigation to apprehend various members of the Barker-Karpis gang at Cleveland, Toledo and vicinity and the subsequent investigation concerning the harboring cases there, information seeped through from time to time that Sargent and Labrizzetta were not guilty of the robbery of the Warren mail truck, but that the actual perpetrators were members of the Barker-Karpis mob. Following the convictions of Sargent and Labrizzetta Post Office Inspectors apprehended John Brock who was wanted in connection with the Garrettsville mail robbery, which occurred at Garrettsville, Ohio on November 7, 1935. Brock apparently gave an accurate statement regarding the Garrettsville mail robbery and in addition thereto furnished the Post Office Inspectors with a considerable amount of information with respect to the Warren, Ohio mail truck robbery. A statement which Brock made to the Post Office Inspectors confidentially found its way into the hands of Special Agents of the Bureau and in this statement Brock stated, in substance, that during the latter part of February or the first part of March, 1935, Fred Hunter met him in Tulsa, Oklahoma and suggested...
that Brock might make some money. Arrangements were then made for
Brock to meet Hunter at the Lorraine Hotel in Toledo, Ohio soon
thereafter. Hunter furnished Brock with the money to proceed to
Toledo and upon his arrival there Brock stated that he held numerous
conferences with Hunter, Alvin Karpis and Harry Campbell. During
this sojourn in Toledo, Hunter and Brock proceeded to the depot in
Warren, Ohio where they watched the Erie train come in, it arriving
at 3:00 in the afternoon. Hunter showed Brock the mail truck, where-
upon they discussed holding up this mail truck. Hunter thereafter
took Brock to the edge of the town in Warren and showed him a shed
where they could secrete themselves after the proposed robbery.
This shed is allegedly located in the southeast part of Warren,
consists of old sheet metal, and is about twenty blocks from the
Erie depot.

According to Brock, Hunter had information to the effect
that a pay roll was received on the above mentioned train in Warren,
Ohio twice monthly on the afternoon train, which pay roll was for the
steel mills in Warren. He informed Brock that he was obtaining this
information from someone who had either been removed or who had pre-
viously been employed by the Post Office at Warren, Ohio. This in-
dividual was considered the "boss" and "fixer" around Warren. At the
time this survey was being made by Brock and Hunter, Brock asked why
Hunter did not take the money at the Post Office, to which Hunter
stated that the "man", meaning the "fixer", did not want it done that
way but wanted it "taken" at the depot.

Two days later a conference was held by Karpis, Brock and
Hunter, at which time a further discussion was had concerning the hold-
up of the Warren mail truck. The exact time of the various conver-
sations had by Brock with Karpis and Hunter concerning this robbery
is not known but it appears that these discussions took place during
the month of March, 1935. According to Brock, he returned to Oklahoma
before the robbery took place, which, as previously stated, was on
April 24, 1935.

Brock further stated that either during June or July of 1935
Fred Hunter appeared in Tulsa and advised him that the "boys" held up
the mail truck in April of 1935; that they made seventy some thousand
dollars out of the job, but that they had to give up 25%, 10% going
to the man who was formerly employed at or had been removed from the
Memorandum for the Director.

Post Office, known as the "fixer", 10% going to Hunter and 5% going to the party who had kept the "boys" in money before they "pulled" the job.

From information disclosed in the Bremer case with regard to the Garrettsville robbery it would appear very likely that the person furnishing money to the "boys" was Joe/Vossow.

Hunter also told Brock that the "boys", meaning Karpis and Campbell, went to New York and got a third man to help them on the Garren mail truck holdup; that they had drawn a "rank", meaning they had been seen or tipped off in the depot, and drove away letting the robbery go for the time; that they then decided to head the truck off before it arrived at the Post Office, which was done. Hunter informed Brock that the "boys" cut in front of the mail truck, then stopping it, and that Campbell and the man from New York ran back to the mail truck, one on each side, and then took the truck to the shed, which has been mentioned herebefore. Hunter advised Brock that the men had the mail messenger in the mail truck but that he got out on them. Brock asked Hunter whether the authorities had not identified two of the men on this job, to which Hunter replied that the authorities had seen identified two individuals but that these said individuals were not "in" on the job. Brock and Hunter then discussed the possibility of people being identified on "hum rapis", whereupon Hunter stated something to the effect that "he was a smart B— 0— B— and it would do him good".

Brock has further informed that during November 1935 he discussed with Campbell and Karpis the conviction of the two "boys", meaning Sargent and Labrizzetta, at which time Brock asked Karpis and Campbell if the two "boys" who "fell on that rack" were really on that job, and Karpis and Campbell informed him that these men were not "in" on the said mail truck robbery.

The Postal Inspectors would not permit Special Agents to interview Brock concerning Karpis and Campbell and the Agents have intimated that it is their feeling they were not permitted to interview Brock in view of the fact that they might obtain information indicating that Sargent and Labrizzetta were unjustly convicted, as the result of efforts on the part of Post Office Inspectors.
On August 16, 1936, Special Agent J. L. Madala interviewed Clayton Hall at Youngstown, Ohio. It will be remembered that Hall has heretofore admitted harboring Alvin Karpis at Youngstown, Ohio and Hot Springs, Arkansas. Hall stated during this interview that sometime during the latter part of January or the early part of February, 1935, Fred Hunter came to his house at 134 Ridgewood Street, Youngstown, Ohio in company with a young man whom he introduced as Edith Miller, since identified as Alvin Karpis. Hall stated that Hunter introduced Miller as a gambler; that he led him to believe they had "clipped" some "sucker" for several thousand dollars and that this individual was out looking for them and they wanted a place to "cool off". Hall admitted that he fed and sheltered them for a period of possibly two or three weeks at that time and associated with them at various intervals thereafter. He professed to know absolutely nothing of the Garretsville robbery nor would he admit knowledge of the Barren mail truck robbery. However, he did state that Karpis at one time indicated to him that George Sargent and "another fellow" were serving a "bun rap". Hall advised that Karpis seemed pleased about Sargent's incarceration, stating that he should be in jail as he is nothing more than a "stool pigeon". In explanation Hall advised that Karpis believed Sargent put "Doc" Barker on the "spot" for the reason that "Doc" Barker had taken Sargent's girl away from him. In this connection George Sargent was an Italian racketeer from Toledo, Ohio. He was formerly the companion of Mildred Kuhlman who was a call girl for the house of prostitution operated by Edith Barry in Toledo, Ohio. During the summer of 1934 "Doc" Barker and several other members of the Barker-Karpis gang frequented the bawdy house of Edith Barry and it was through this means that "Doc" Barker became acquainted with Mildred Kuhlman. Mildred Kuhlman alleged that her life had been threatened by George Sargent, as the result of which "Doc" Barker encouraged her to go to Chicago with him. Thereafter Mildred Kuhlman abandoned Sargent for Barker, which resulted in the "bad blood" between these two individuals.

Information has been obtained indicating that Karpis and Campbell at one time proceeded to Akron, Ohio armed with machine guns in an endeavor to locate Sargent for the purpose of killing him in connection with rumors to the effect that Sargent was trying to put them on the "spot".

In view of the fact that information was being received from
time to time that the conviction of Sargent and Labrizzetta amounted to a miscarriage of justice, Alvin Karpis was interviewed at the Ramsey County Jail at St. Paul, at which time he advised that he knew definitely these two persons were not guilty of this offense; that, however, he would not furnish any information which might result in their release, for the reason that Sargent had endeavored in every possible way to ascertain his and "Doc" Barker's location and that the only reason he did not turn them in was either because he did not know their whereabouts or was afraid to do so.

On May 8, 1936 Mr. E. B. Freed, the United States Attorney at Cleveland, Ohio, addressed a letter to the Criminal Division of the Department in which he expressed a sincere concern over the conviction of Sargent and Labrizzetta. He closed his letter with the following paragraph:

"Please understand that I have no desire to interfere where I have no right, nor do I have any desire to unduly burden you, but my great desire for the proper administration of justice, and the performance of duty in respect of the barren conviction, prompts me to write."

As a matter of information Detective Harry K. Manson of Toledo, Ohio, who has always been considered particularly reliable by Agents working in that vicinity, has advised that he learned through a reliable source United States Attorney E. B. Freed of Cleveland, Ohio and Attorney Mare Wolfew were alleged to have received $5,000 and $2,000 respectively for their efforts to reduce the bond of George Sargent, a notorious gangster who was then being held at the County Jail in Cleveland charged with mail robbery. According to Manson, it is alleged that a Postal Inspector who was "planted" in the cell with Sargent had learned of the facts and the transaction, consequently, fell through. It is further alleged that it was the intention in the plan to reduce the bond so that Sargent could escape to Mexico. The Bureau has no information to substantiate the above allegation.

Recent newspaper articles indicate that on July 17, 1937 the Attorney General forwarded to the President a confidential
report pertaining to the convictions of Sargent and Labriozetta for the Warren mail truck robbery and that on July 21, 1937, the President granted these two individuals unconditional pardons in connection with their convictions and sentences for the robbery of the Warren, Ohio mail truck.

Respectfully,

E. A. Tamm.
In confirmation of the telephone conversation of this day between Mr. McIntire of the Bureau and Mr. Waters of the Criminal Division, you are advised that a copy of a letter dated July 30, 1937, addressed to Assistant United States Attorney Lloyd G. Hooks by Bert A. Riley, counsel for the defendants in the above case, has been received. Attached to Mr. Riley's communication was a copy of a Notice of Hearing to be held August 17, 1937, at Miami, Florida, on a petition by the defendants for the return of property allegedly obtained from Adams and Randall at the time of their arrest. The petition states in part: "to return to Joseph H. Adams certain books, records and effects of the said Joseph H. Adams, and certain personal belongings of Henry Randall, excluding a certain automatic gun or rifle, but to include therein one certain revolver and holster, the property of J. H. Rolfe, a deputy sheriff, which was in the possession of Henry Randall at the time of his arrest."

This Division was advised by Mr. McIntire that the revolver and holster referred to are now in the possession of the United States Marshal at Miami.

A review of the evidence available for prosecution in the outstanding indictments under the Firearms Act reveals that there is no possibility of a conviction of Adams, while it appears that a case might be made out against Randall. The Criminal Division, however, is reluctant to recommend prosecution against Randall because in so far as a violation of the Firearms Act is concerned he was merely carrying out the orders of Adams and it is believed public reaction to a conviction of Randall, who has already spent some time in jail, with a dismissal of the indictment against Adams, would not be favorable. Furthermore, it is quite obvious that Adams was the principal instigator of the Firearms Act violation.

In view of the foregoing, I should appreciate receiving any comment you may desire to offer relative to the dismissal of the remaining indictments.

No comment should be made.

San Juan Hotel

Orlando, Florida

During our stay in January, we found the weather and scenery to be most delightful. It was a pleasure to see the snow and ice, but we also enjoyed the beauty of the landscape around us. The hotel staff were very kind and helpful. We were treated to excellent meals, and the service was exemplary. The views from our room were breathtaking.

We spent a lot of time in the gymnasium and enjoyed the pool and spa facilities. The staff were always friendly and helpful.

Overall, our stay at the San Juan Hotel was excellent. We look forward to returning in the future.
As he was turned up like a million times, you will get a kick out of this. Will make this get a very good girl with lots of good and true sense, and your own arrive. Get along all at least. Dear Duke:

I have your letter of September 28th and was mighty glad to hear from you and I appreciate your promptness and your giving me the information that I asked.

I am this day writing the Colonel about the Club that can be obtained in the next county that will be a real money maker. The property and land and buildings can be had for $20,000. Of course I realize the Colonel is quite old but he might have someone in view for a deal of this kind.

Regarding Doeherty, I have not had a chance to see the party I had in mind, but I am sure I will be able to place him when I see this party.

However, I am planning on a Bar myself and if this party does not want Doeherty, I will then send him to him myself, as I believe he will come through.

Do things are quiet with me or I might say money is a bit short. However, what do you think it will cost you to come down? I will see that you sleep and eat and I might be able to get some kind of a job that would give you a few dollars spending money until the season opens. This is, however, if you are not doing anything at this time and would rather get away from Jersey. If you can come later on after I get our racing dates I am able to put you to work.

Kindly remember me to Greg, and with kindest regards, I am

Most Sincerely yours,

Dear [Name],

Dear Duke:

I received your three letters and was very glad to hear from you and also to recite the wonderful work you are doing for the hotel, as we need every booster we possibly can get.

The reason you have not had a letter from me sooner is due to the fact that I have had my hands full here in the hotel, remodeling in different departments, buying new carpet along with other daily duties in connection with a hotel of this size.

J.P. is now Manager of a drug store in the downtown section and doing fine and I often go by and we talk of you all deal and wish you were here.

While I was in Newark, I was in a Bar, I believe the name was Joe Rose, on the same side of the street as your hotel, and if I recall there was a Bar tender by the name of Doberty, and he appeared to be an excellent fine man and was exceptionally friendly to me, he stated he would like to come to Miami, for that reason if you will have him write me, or find out how much money he would want per week, I will lend him a job in Miami, as I have already talked to a friend of mine, who operates a very fine bar in a wonderful location and in the winter time his business is very good. Of course, in the summer, like everything else here, it is very quiet. However, this man, I believe, would put him on at this time, as we have the American Legion Convention here in October and our business is improving, so if you will let me have this information, I will appreciate it.

Regarding the American Legion for the hotel, the housekeeping committee handled that and they have allotted us the State of Michigan and we are booked solid. However, I appreciate your interest just the same.

How would I address a letter to reach the Colonel at the Mayfair Club and can you obtain his initials, as I would like to write him in case he is coming to Miami.

I note that you were down to see the wreckage of the Norco Castle. I can imagine the condition it must have been in and I think that is one of the saddest mishaps that I can recall, and I believe there is more behind the whole thing than what has been brought out.

Now, I am looking around for something, so that you can make your expenses and in that way you will be able to come down much to us. However, I believe our dates at the track will be from the 1st part of December. I do not know, this is merely a guess on my part, as the commission will not meet until some time next month.

I am not sure if I will be able to get up this fall or not, I would like to it, in order to call on the different horse race tracks in Maryland that are operating, in order to secure some of their business.

Let me hear from you whenever you have time and remember me to the radio king, and with a lot of good wishes to you and with kindest personal regards, I am

Many, many letters have crossed paths to have gone home and now want patience for the coming season but are told that rains and rains must bring the unexpected. Now may justice have been dealt with fat and there will be a chance to write on any thing else, however as it is a little late today but the way to the least welcome with

Sue no manager of the El Coronado Hotel said that takes away time as they have left it near it self for three years, however from some place get some more became this year as it is a nice place peace in fact the dates are the best in town, as far as we can see the best but not too far we are just two blocks from the center of town,

In the end, at the Hotel, see if he can

give you some money, and, tell him to

in a present. Have your good sister.

If you are down to London, see Paul

Hackett, he is the judge, and see there,

and see if he can't give you a job for

work, for me and the winter time.

But if you can, and if you can

get on.

If you go down to Atlantic City, see

Eddie Harrison, George Christie, George

the black. Black, now, Hackett

in my company. For some he can't do you

any good there, but Harrison can see

Christie and the walks for me and

will do any things they can for me.

How are those friends that are over

in the long as I love you, and get some

of the good Harrison and Christie

so stop at the Hotel.

It will be the latter part of the Act, I

Take some time to care of your new wants, so you have that off your mind, and if I drive up there this face you can drive back with me.

The case of the radio station up that way, I would like to get on the air and then this face of it did not have into so much money. If you are to send me three or four time a week it might help.

Think of some one, hear just now but it is nice and you and a nice heart.

Please and kind, let me hear from you and quick, don’t take as long to answer. That time, the going is not good, he is good. Much love and love.

Dear Friend,

There you are, my dearest,

Assuming you've been well, but oh, how we missed you. How we long to have you here again, to share our stories and laughter. But now, with this letter, we hope to make some changes in your life, and in ours.

Will you take the time to see me soon? On my own terms, of course. Thursday, maybe? I'll be waiting for you there, so you can see how a little girl and her people have been. 

We must take a short reprieve, the three of us, and return. But make sure to come back, and always keep this letter close to your heart. Even in your darkest times, remember the love you once knew.

Yours sincerely,

Biscayne Kennel Club, Inc.
and I have a job for you at the "Radio Kid."

If it's not too much to ask, on this black misted moonlit drive up your way let me come and entertain something humorous that won't cost you.

Well, Duke phone let me hear from you and please don't look any sort wet in you before now. I mean you across the place that I like any better. Then remember me to the "Black Kid" and have him write you when I return. With my best news regardless. Love,

As ever yours...

Dear [Name],

I've had one of the most beautiful days on this entire trip. The lake, the sunset, the sky, the boat... it was all just perfect.

We had a great day on the lake and then we had a lovely evening here at the hotel. The sunsets were fantastic, and the weather was just perfect.

I can't wait to see more of Florida. It's such a beautiful place. The beaches, the water, everything just seemed to be made for a vacation.

Looking forward to more adventures in Florida. It's truly a paradise.

MEMORANDUM FOR THE DIRECTOR

RE: BREMER CASE

With reference to the situation at Cleveland and Toledo, Ohio, in this case, I called SAC Shivers at Miami advising him that the Bureau has some material to be made available to the State authorities and believes that Special Agent S. K. McKee is the man best fitted to go to the people concerned and discuss the matter with them. Mr. Shivers was informed of your desire that McKee come to the Bureau for the purpose of going over the files and preparing a memorandum of the material, subsequently going to Cleveland and Toledo, which would require about five or six days.

Mr. Shivers stated that Agent McKee can leave tonight by plane or train for this purpose, and he was advised that train would be suitable.

Respectfully,

E. A. TAMM.
